## How am I graded on OEQ's?

- 20** 4 – **The response demonstrates a *thorough* understanding of the mathematical concepts and procedures required by the task.**  
The response provides correct answer(s) with clear and complete mathematical procedures shown and a correct explanation, as required by the task. Response may contain a minor “blemish” (e.g., missing \$) or omission in work or explanation that does not detract from demonstrating a *thorough* understanding.
- 15** 3 – **The response demonstrates a *general* understanding of the mathematical concepts and procedures required by the task.**  
The response and explanation (as required by the task) are mostly complete and correct. The response may have minor errors or omissions that do not detract from demonstrating a *general* understanding.
- 10** 2 – **The response demonstrates a *partial* understanding of the mathematical concepts and procedures required by the task.**  
The response is somewhat correct with *partial* understanding of the required mathematical concepts and/or procedures demonstrated and/or explained. The response may contain some work that is incomplete or unclear.
- 5** 1 – **The response demonstrates a *minimal* understanding of the mathematical concepts and procedures required by the task.**
- 0** 0 – **The response has no correct answer and *insufficient* evidence to demonstrate any understanding of the mathematical concepts and procedures required by the task for that grade level.**  
Response may show only information copied from the question.
